PRESENTATION OVERVIEW

- **SLIDE 3 - PURPOSE / CONTEXT**
- **SLIDE 4 –OPTIONS**
- **SLIDE 6 – IMPLEMENTATION PLAN**

PURPOSE / CONTEXT

□ PURPOSE:

- Modernize our current regulatory labelling procedures to align with current industry needs and technological trends.

REGULATORY LABELS:

- Labels enable the Regulator and consumers to readily determine whether a device has met applicable standards and provide an effective means of facilitating market surveillance
- Under the RA (Section 4(2)) and the Radio Regulations, Section 25 the department is mandated to label its equipment to indicate compliance with applicable standards.
- Similarly, under the TA (Section 69) and the Telecom Apparatus Regulations, (Section 5(4)), the department is mandated to mark/label its Terminal Equipment to indicate compliance with applicable standards.

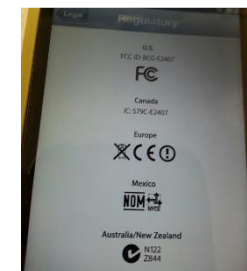

OPTIONS:

OPTION 1: STATUS QUO.

Continue current physical labelling requirement for compliance purposes.

OPTION 2: ALLOW E-LABELLING (where applicable) AND MANDATE REQUIREMENT FOR PHYSICAL LABEL ON PACKAGING
